How it works

01

Join your call

Minutely joins Zoom, Meet or Teams from your calendar and records automatically.

02

Catch every commitment

It pulls out decisions and tasks, with an owner and a due date for each one.

03

Send them where work happens

Tasks land in your project tool and a recap goes out to everyone who attended.

Owners and dates, not just notes

Every task gets a person and a deadline pulled from what was

actually said.

Recaps that reach everyone

A two-minute summary lands in Slack or email before people are back at their desks.

Stop taking notes. Start finishing things.

The method, in three parts.

1 **It listens**
Joins from your calendar. No bot to invite by hand.

2 **It edits**
Cuts an hour of talk down to the decisions and the tasks.

3 **It delivers**
Sends each person their own list, in the tools they already use.
